### **REASONS FOR ALLOWANCE**

1. Claims 9-26 are allowed. The following is an examiner's statement of reasons for allowance.

Regarding claims 9 and 21, prior art does not disclose or fairly suggest a method including steps of using located marker images to assign marker locations to tracks and using the assigned tracks for determining a relative alignment between a detector, source, and rotation axis of a scanning volumetric computed tomographic system, in combination with all the limitations in each respective claim. Claims 10-20 and 22-26 are allowed by virtue of their dependency.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
